## "EVERFRESH" Super Sealed Seeds

Conditioned and packaged seed is the modern method of bulk seed distribution and storage. We have gone one step further by protecting and preserving our conditioned seed with the latest and most efficient moisture resistant packaging material, plus a SUPER SEAL.

Careful research and rigid tests by us, by State Experiment stations, and by private and commercial research agencies have been under continual observation for some time, and we are now convinced we have the best available material and seal for packaging our conditioned seeds in the proper surroundings.

Our metalized pouches are a perfect moisture barrier, light weight, flexible, high tensile strength, with a dependable seal - as strong as the material itself - and are attractively presented to remind you that the conditioned high germinating contents, reduced to a safe low moisture point, are "EVERFRESH" for your use.

Of course, normal aging of the seeds will commence just as soon as you have opened the pouch, but careful buying on your part of the various sizes available in "EVERFRESH" seeds should prove a prime factor in controlling your own inventory, so that you only use what you need at the moment -- the rest can be stored in a cool place until you are ready to use it. Remember, "EVERFRESH" Super Sealed seed is not "raw" seed -- it is scientifically "conditioned" seed for the longest possible shelf life.

Throughout this catalog you will notice many prices printed in red. These refer to items packed in our "EVERFRESH" SUPER SEALED pouches. As our research continues, additional kinds will be added to our future catalogs.

Where prices are in black, the seed is not conditioned or packed in "EVERFRESH" SUPER SEALED pouches. If there is no price in the unit column, seed is not available in that size.

When ordering "EVERFRESH" SUPER SEALED seeds, be sure to specify the sizes and quantities you need. You can order in multiple units if you wish; for instance if you want 1 pound you can order 2 x ½ lb. or 4 x ¼ lb. or 16 x 1 ounce pouches, and open each pouch only as you need it, thus maintaining a longer shelf life for any inventory.

Specific prices are listed in detail, in pounds and in fractions thereof, so you no longer have to figure the prices - it's all done for you.

Should you wish to use this catalog as an order form, enter the quantity you want in the spaces provided on the left-hand side of each page. We will replace your catalog by return mail.

## **YOUR ATTENTION, PLEASE!**

- a. There will be no charge for containers in which "EVERFRESH" seed is packed.
- b. There will be a nominal charge for shipping containers - cardboard boxes, burlap and cotton bags, such containers being non-returnable.
- c. Prices on fractions of pounds and ounces are shown in detail, thus it is no longer necessary for you to calculate the specific price on items you order. Minimum charge per item, 50¢.
- d. For your further inventory protection small units are offered in many of the high priced kinds where packaged in our "EVERFRESH" SUPER SEALED pouches, but not available singly unless so indicated in the list.
- e. Best available strains of highest possible germination are still our main obligation to our customers. Our seeds will surpass in quality and germination any standards set by governmental agencies.
- f. All seeds are quoted f.o.b. our warehouse, Los Angeles, California. Our terms are 60 days acceptance net, less 1% cash, thirty days to firms of established credit. All invoices payable in U. S. dollars in or by New York or Los Angeles exchange. Overdue accounts are subject to sight draft without further notice, and 1/2% interest charge per month.

# DENHOLM SEED COMPANY

- g. Notice to the Buyer: READ THIS STATEMENT BEFORE OPENING CONTAINER. Subject to the limitation of liability herein set forth, we warrant that the seeds or bulbs sold are as described on the container, within recognized tolerances. OUR LIABILITY ON THIS WARRANTY IS LIMITED IN AMOUNT TO THE PURCHASE PRICE OF THE SEEDS OR BULBS. In no event shall we be liable for the crop, or for any loss due to negligence or resulting from the failure, impairment or quality of the crop or varietal variance therein, whether such loss results from breach of the foregoing warranty, from breach of any other provision of the buyer's contract for the purchase of said seeds or bulbs, or from any other cause. Seeds or bulbs not accepted on the basis of the foregoing conditions of sale must be returned within 10 days in original unopened containers and the purchase price will be refunded.
- h. Complaints: On seed weight and physical appearance must be submitted within six weeks from date of invoice; on germination must be submitted within ten weeks from date of invoice; on trueness of strain by the end of the first normal blooming season following delivery.
- i. In case of crop shortages, orders will be filled pro rata. In the event of a crop failure or any cause beyond our control, we will not be obligated to deliver or pack "EVERFRESH" Super Seal Pouches.
- j. We reserve the right to change prices at any time.

THE DENHOLM SEED COMPANY

**ZINNIA THUMBELINA**

**GOLD MEDAL ALL AMERICA SELECTIONS 1963**

A dwarf variety, only 6 inches tall with double and semi-double blossoms in profusion. An early bloomer lasting throughout the summer until the first frosts. Shades of Scarlet, Pink, Yellow and White color the blooms of 1½ inches in diameter.

See page 53 for prices.

# DENHOLM SEED COMPANY

## ZINNIA

THUMBELINA MIXED  
(7000 seeds per ounce)

All America Selections  
Gold Medal Winner 1963.

In all the history of All America Selections we have never seen a more worthy novelty. Everywhere it was tested its performance and appeal surpassed all other entries, and we heartily recommend this delightful novelty. Originator's seed.

Of dwarf, neat habit, only 6 inches tall, with dozens of double and semi-double flowers literally smothering the plant, THUMBELINA is early to bloom and stays attractive throughout the summer to early frost, the perfect low border and window box subject for all gardens in all climates. New growth is continuously appearing, blocking out the old flowers. Bedding plant growers, florists and nurserymen will welcome this grand novelty, for it blooms early in the box or jiffy pot, whilst retaining its compact habit.

The brilliant mixture is composed of all shades in Scarlet, Pink, Yellow plus White, the flowers themselves, 1-1/2 inches across with broad overlapping petals. A miniature Zinnia for today's gardens.

**ZINNIA, OLD MEXICO. AAS 1962**

Low growing, only 12" tall, with double and semi-double blossoms 2" to 3" across, in sharply contrasted red and gold bi-color shades. Excellent low border subject, prolific bloomer with long flowering season. Strongly resistant to mildew.

See page 52 for prices.

**DIANTHUS, Bravo. AAS 1962**

A distinct and valuable novelty for borders. Bright scarlet red, slightly fringed single flowers 1-½" to 2" across, well above the foliage. Plant habit is upright dwarf and compact, 8" tall. Blooms from mid-summer through the Fall. See page 10 for prices.

See page 25 for prices.

## STOCK

### NON-BRANCHING COLUMN MIRACLE STRAIN (DENHOLM)

Since the introduction of this superior strain, cut-flower growers have been demanding further new shades. Our plant breeding staff came up with four grand new colors last year, and have promised more in succeeding years as they are developed and tested out. See page 41 for prices.

#### MIRACLE DEEP PURPLE

A richer, more solid color than Purple Heart, with larger flowers and heavy strong stems. This is a "must."

#### MIRACLE LILAC PINK

A pastel shade of great beauty and distinction. Deepens toward center of flower.

#### MIRACLE MALMAISON PINK

Outranks the original kind, with its mammoth close petalled blossoms and long symmetrical spike.

#### MIRACLE ROSE PINK NO. 14 COLOR

An obvious advancement over the original variety. A much needed color for discriminating florists.

## STOCK

### DWARF TEN WEEKS (NEW) (DENHOLM)

Three more distinct colors in this popular group have been developed and tested by our Research Department, and were available from last year's crop for the first time. Uniform in height and season, with a high percentage of doubles, these additional new colors augment what is already the most extensive list of Dwarf Ten Weeks Stocks grown and offered by American seed producers.

#### LIGHT, BRIGHT PINK

A lighter shade of the standard Bright Pink variety.

#### MALMAISON PINK

Delightful new Pink shade

#### SHELL PINK

Pleasing shade, deeper and creamier than Apple Blossom.

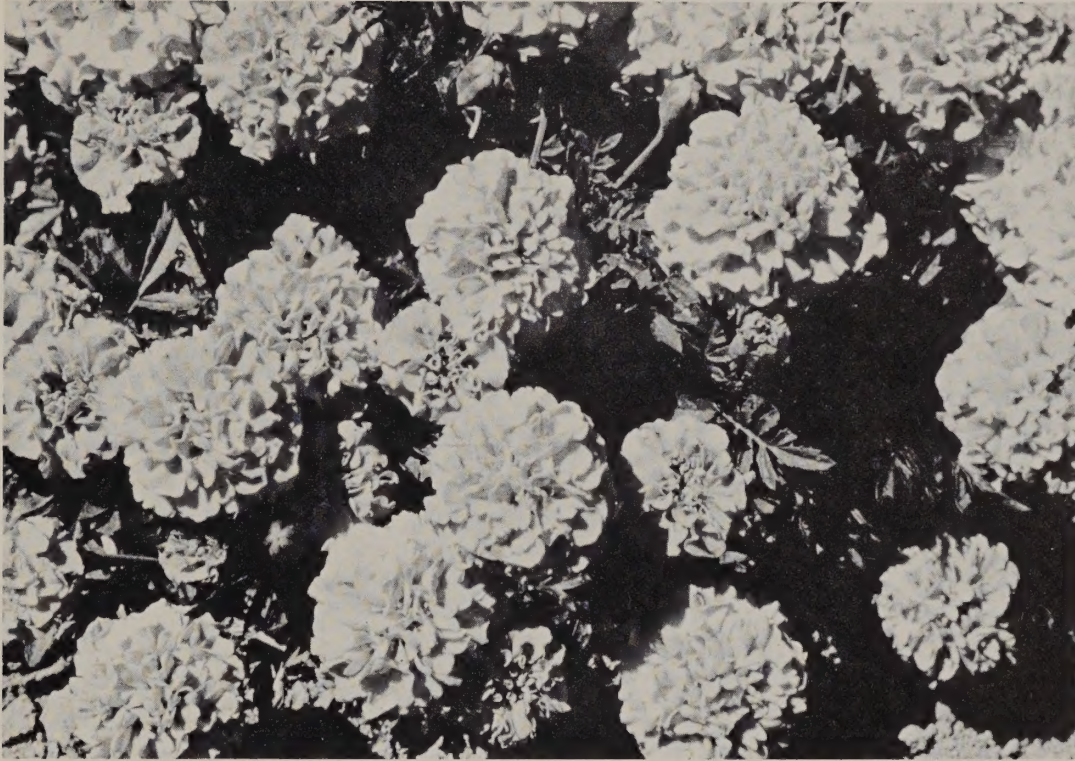

See Page 43 for Prices.

# DENHOLM SEED COMPANY

## MARIGOLD

DWARF FRENCH DOUBLE  
PETITE (DENHOLM)

The Petite Marigold received world-wide recognition and acceptance. Being extremely dwarf, uniform in habit, very early flowering and floriferous, it appeals to the nurseryman and to the home gardener. We predict the **PETITE MARIGOLD** - developed by us, and introduced under our registered trade-mark - will eventually supersede the old Dwarf French double group and wide awake seedsmen will trim their catalogues and packet displays accordingly. See page 32 for prices. Excellent colored packets are available.

Remember, the only true **PETITE MARIGOLD** on the market is grown by us, so ask for "Originator's Stock" of:

**PETITE HARMONY**

**PETITE ORANGE**

**PETITE SPRY**

**PETITE GOLD**

**PETITE YELLOW**

**PETITE MIXED**

## MARIGOLD SPUN GOLD (DENHOLM)

Bronze Medal A.A.S. 1960

MARIGOLD SPUN GOLD  
(Bordered by Lobelia, Crystal Palace)

Bronze Medal A.A.S. 1960

Marigold SPUN GOLD is an early dwarf chrysanthemum flowered type averaging 12 inches tall, erect, bushy growth, with a multitude of large double flowers 3 inches across, with incurved petals, bright golden yellow in color. The foliage is medium green. There are approximately 8,000 seeds per ounce. Prominent features of this Bronze Medal winner are (1) extreme earliness (2) uniformity of height and habit (3) profuse blooming. Ideal for mass bedding, borders, plant flats, window boxes and pot work.

Pleasing effects can be obtained when used in garden arrangements with other popular, colorful annuals, such as: Ageratum, Lobelia, Petunia, Alyssum, etc. See page 31 for prices.

4 color electros 5" x 7" and 3" x 4" and glossy black and white prints for catalog use, dealer sales aids in the form of wall posters and postcards in color are available. Attractively designed lithographed packets are made by Schmidt Lithograph Company, San Francisco and Stecher-Traung Company, Rochester, New York. You should write them direct for your packet needs.

# DENHOLM SEED COMPANY

## PETUNIA MULTIFLORA F<sub>2</sub> HYBRIDS

**Petunia Nana Compact Mixed  
COLORAMA (DENHOLM)**

For many years YOU and your customers have been asking us to provide a mixture of Petunia Nana Compact with a uniform plant habit. Your dissatisfaction with the best of the blends of the regular Nana Compact type of Petunia has been the marked, uneven plant habit. **F<sub>2</sub> HYBRID NANA COMPACT COLORAMA** has completely eliminated this problem. We are using for planting stock only those F<sub>1</sub> varieties that have proven to be uniform in height and plant spread in the F<sub>2</sub> generation. Also, we have used only those Hybrid varieties that reproduce uniformly large blooms 2½ to 3 ins. across. See page 38 for prices.

Color Lithograph bags available. You should feature this item.

# "EVERFRESH" Super Sealed Seeds

## HIGHLY RECOMMENDED ITEMS OF RECENT INTRODUCTION

### ASTER

#### PINK LADY (DENHOLM)

A rich glowing salmon pink, quite distinct from any color in Asters on the market today. The broad, long incurved petals make a solid double flower, with centers completely covered. The flowers measure 3" to 4" across, and are freely produced on clean husky stems which branch generously from 3 ft. tall vigorous plants. See picture. Prices on page 16.

### HELICHRYSUM

#### DWARF DOUBLE MIXED.

A dwarfer version of the standard tall mixture and rapidly gaining favor. See page 27 for prices.

### HERB

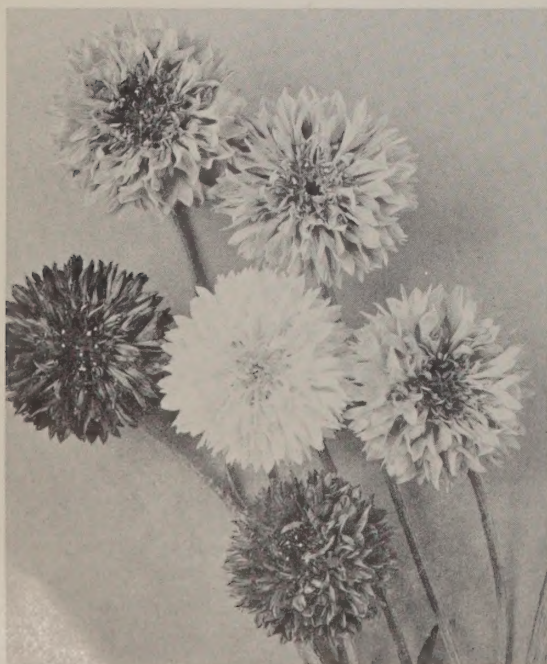

#### ORNAMENTAL BASIL DARK OPAL. AAS 1962

With its dark purplish bronze foliage this novelty makes a fine accent plant. Height 15", spread of 12". Tiny lavender white flowers on slender spikes contrast well with the foliage. Developed by the University of Connecticut Experiment Station. See picture. Prices on page 27.

### DAHLIA

#### EARLY BIRD.

The earliest, most dwarf Unwin type Dahlia. In demand for flat and pot work because of earliness, extra dwarf habit, and full color range of double and semi-double blooms. See page 23 for prices.

### CENTAUREA

#### POLKA DOT

Dwarf, compact bushy habit averages 12" tall. Double flowers 1-1/2" across. A colorful mixture. See picture. Prices on page 22.

### CENTAUREA

#### COUNTY FAIR

An unusual combination of different new colors makes this mixture a promising novelty. See page 22 for prices.

# DENHOLM SEED COMPANY

## HIGHLY RECOMMENDED ITEMS OF RECENT INTRODUCTION

### ESCHSCHOLTZIA

#### MISSION BELLS

Double and semi-double flowers in great profusion, with erect habit. Brilliant color range. The best California Poppy mixture in existence. See picture. Prices on page 26.

### MARIGOLD

#### BROWNIE SCOUT

Chosen to symbolize the 50th anniversary of the Girl Scouts of America. Dwarf, double golden with maroon flecking. See page 32 for prices.

### MARIGOLD

#### CARNATION FLOWERED

- Alaska -- Light primrose
- Hawaii - - Rich orange
- Mary Helen - Brilliant yellow

All refined, modern varieties which are replacing older varieties in similar color group. See page 31 for prices.

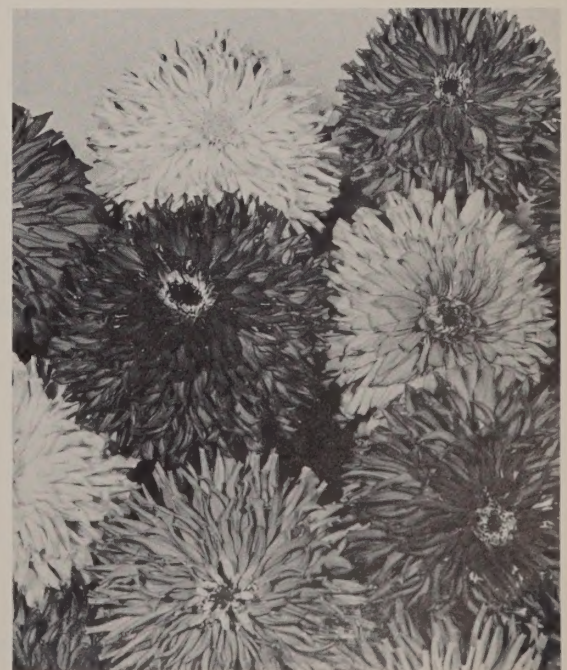

### PETUNIA

#### GRANDIFLORA F1 HYBRID

Pink Desire (Denholm)

Clear bright pink, with light throat. Free flowering, compact growth, fine for pots and mass garden displays. See picture. Prices on page 37.

### ZINNIA

#### DARK JEWELS

An improved formula mixture of the Giant Cactus flowered type with many new darker colors. See picture. Prices on page 53.

### ZINNIA

#### STATE FAIR MIXED

A giant flowered tetraploid strain. Sturdy large leaved plants 30 ins. tall, flowers double, often 6 ins. or more across. All Zinnia colors represented including scarlet shades. See page 54 for prices.

## DELPHINIUM PACIFIC GIANTS

### Grown from Originator's Stock

The Pacific Giant Strain offers the ultimate in fine Delphiniums. It has huge semi-double florets, well arranged on long flower spikes. The thin whippy stems grow from four to six feet tall. This strain is comparatively mildew resistant. It is by far the best strain of Delphinium available. (Perennial) 10,000 Seeds per oz. 5 ft.

DWARF GIANTS OF CALIFORNIA 180,000 Seeds per oz.

### MASTERPIECE (Denholm)

The production of the very finest quality Petunia seed, particularly the large flowered strains, has long been one of our specialties. Each year we devote some of our best land, and a great deal of effort and know-how to our Petunia workshop and production. **MASTERPIECE** is the elite of our Petunia program.

The best and brightest colors are selected from our renowned strains, and seed from these special plants is then grown in separate blocks. Every bloom is hand pollinated, and seed from each plant is saved separately. From these special lots of seed is made a beautiful blend according to a well tried formula, assuring you of getting the same wonderful quality on every order.

From our Petunia workshop we are continually adding new colors to the **MASTERPIECE** formula. In this blend you will find Rose, Copper and Pinks that are not available in any other strain. 9-10 ins. . . . .

\$5.25 \$4.85 \$16.25 \$65.00

### EXTRA DWARF GIANTS MIXED, (Denholm)

This strain has been bred by us to fill the need for a truly dwarf pot Petunia. It is by far the best strain for this purpose in existence today.

With each succeeding year, new colors are being added to enlarge the color range. 8 inches. . . . .

5.25 4.85 16.25 65.00

**DARK SHADES MIXED**, large flowers, very dwarf, 10 ins. .

## SALVIA SPLENDENS 7500 Seeds per oz.

4x¼ Oz.  
Pak Per Oz. ¼ Lb. Per Lb

From mid-summer to the first frost, these popular varieties  
produce brilliant scarlet flowering spikes well above the  
foliage. There is a definite correlation between flowering  
season and plant habit, and a wide variation between  
varieties, therefore to assist you we are listing them from  
"dwarf and early" to "tall and late".

| This is a truly miraculous new strain, tailored to the cut flower growers specifications, and a great advancement over the existing fine Column type, with magnificent spikes, closely packed with mammoth firm-petalled blossoms, and an unusually high percentage of doubles. The MIRACLE strain is available in all the standard popular market colors, plus several exchancing new shades. |           |         |                                                                                                                        |         |           |         |

## SWEET PEA

### EARLY MULTIFLORA GIGANTEA (Denholm)

A great improvement over the original Early Multiflora strain which we predict will eventually be superseded by our new type. Mammoth blossoms gracefully spaced, six and often ten on long firm stems. The vigorous vines show some heat resistance, a useful quality for gardens in warm weather areas.

Size, form, fragrance, vigor, all combine to make this the outstanding Sweet Pea introduction in the past decade. Buy the genuine strain from the originator.

## SWEET PEA

### CUTHBERTSON FLORIBUNDA

These are an important development in the multi-bloom type of Sweet Pea. Flowers a week to ten days earlier than the late or Summer flowering type, and two weeks later than the Early Spencer and Early Multiflora strains. Tall vigorous vines, heat resistant; large waved flowers five and more on long stems.

## VERBENA

Per Oz. Per ¼ Lb. Per Lb.

### IDEAL FLORIST STRAIN MIXED (Denholm)

The earliest strain on the market today. Plants are dwarf and compact. All blooms are of the eyed sorts, with hundreds of gay color combinations. A wonderful garden variety and ideally suited for pot and flat culture. 12 inches . . . . .

\$1.25 \$4.70 \$18.00

### SPARKLE TYPE (Denholm)

This class of Verbena is unmatched for a neat, dwarf compact habit. Plants are completely covered throughout the season with giant trusses of mammoth blooms. Honored at the R.H.S. Wisley Trials in 1957. 10 inches.

# DENHOLM SEED COMPANY

## NEW YORK STATE

### FLOWER SEED GERMINATION STANDARDS

We are pleased to publish this up-to-date list of Flower Seed Germination Standards just issued by New York State, and gradually being adopted by other States.

Denholm seeds are consistently higher, which combined with first quality of strains, is your protection and assurance.

| % Germination                                                                          |    | % Germination                                      |    | % Germination                                                          |    |
